

# **FLOATING INFRASTRUCTURE**

Large Scale Public Spaces on Water

## **SEINE DESIGN**

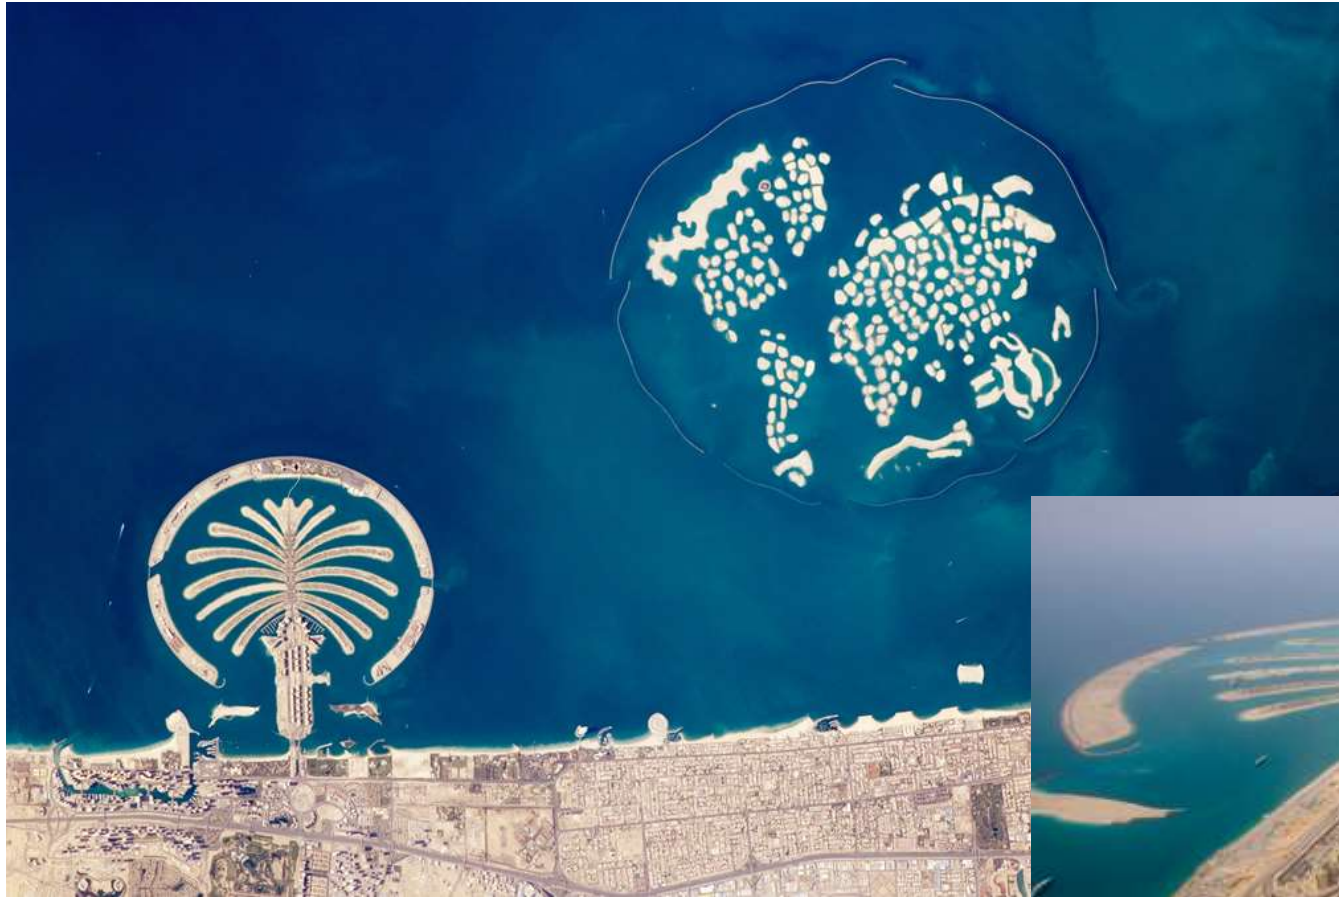

Petar LOVRIC, SEINE DESIGN

# **WORLD OF WATER**

- **70% covered by water**
- **Brilliant helper, but a cruel master**

# RECLAIMING

Reclamation project  
Palm Island, Dubai - 2002/2008

# PILING

Manilla

# FLOATING ARCHITECTURE

- Support the diversity of projects and the ambition of the community
- Utilize the most attractive space with minimal environmental impact
- Deliver resilient and smart structures able to adapt to the ***changing environment***

# RESILIENCE OF FLOATING ARCHITECTURE

***Changing environment***

# RESILIENCE OF FLOATING ARCHITECTURE

SEINE DESIGN

## **L'ARCHE**

**150 meters long sports and activity centre  
with an Olympic size swimming pool**

**PROSPECTIVE**

# FLOATING CITY BLOCK

We have the opportunity to step back and **take a wider view** and instead of proposing independant, on-off structures, we are in a position to **plan, design and deliver** entire blocks of floating public spaces which can be **fully integrated** into the existing land based infrastructure.

**Every day living...  
on water**

Floating Village – Project in tender for city Boulogne-Billancourt  
2019
